Suddenlink Community Center – Other Fees

Cleaning/Security Deposit for Gymnasium, Multiple Purpose Room, and Kitchen - \$200 (refundable upon inspection)

City of Bullhead City, Arizona

Comprehensive Fee Schedule

FY 2022-2023

Key Deposit - \$25

Staff Time – Based on the full burdened hourly rate to be determined in advance and agreed to by the City Manager or designee and the party renting the space.

The City Manager may waive fees and/or charges, or a percentage thereof for the use of the Suddenlink Community Center facilities for nonprofit or governmental entities when it has been determined that the waiver of such fees and/or charges is in the best interest of the City of Bullhead City. Such waiver will not waive any applicable insurance requirements. Such waiver will be granted only for activities that benefit the community at large and promote the general health, safety, or welfare of the City’s residents.

Fees for city sponsored day use, recreation programs, open houses and other similar uses will be determined by the City Manager based upon the activity and need for a cleaning/security deposit, kitchen deposit, and/or staff time.

*If a meeting room is shared by two groups the monthly fee will be \$165 per group. If a meeting room is shared by three groups the monthly fee will be \$120 per group. Insurance will be required for groups desiring monthly rentals. All shared uses require coordination and a signed cooperation agreement between the involved parties.

(Ord. 2013-9)

A3.40.030.06 – Use of City Parks for Special Events*

Entertainment/Ride Vendor Deposit**	\$100.00

* Non-profit organizations selling bake-sale items, bottled water, candy, Girl Scout cookies, etc. are not considered food vendors and will pay the non-profit no food/no drink fee(s).

** Vendors reserving space to conduct games, entertainment activities or ride activities (train rides, camel rides, climbing wall, etc.) are required to pay one month in advance a deposit in the amount of \$100.00. This deposit is in addition to the vendor fees described above. Deposits are refundable provided the vendor attends the event as scheduled with all rides or activities that were specified as reserved. If the vendor does not provide all rides or activities specified, or is unable to attend the event for any reason, there will be no refund – No exceptions.

City of Bullhead City, Arizona

Comprehensive Fee Schedule

FY 2022-2023

*** The City Manager may waive the vendor space fees for a special event sponsored by an organization with a Section 501(c) status.

(Ord. 2012-5; Res. 2010R-26; Ord. 04-16; Ord. 03-30; Ord. 02-43)

A3.40.030.08 Parking and Recreation Programming

The City Manager or designee has the authority to accept donations, sponsorships, or charge fees necessary to offset costs for parking and City run leagues, tournaments, recreation programs or special events. Fees may vary as these activities depend upon public interest, demand on facilities and staff, season and dates. A parking fee may be adjusted by the City Manager if other fees associated with entering or participating in an activity are separately assessed. Parking fees will not be assessed at the Colorado River Nature Center.

Low Income Surcharge* \$0.05460**

***Includes Rio Residential Customers**

The surcharge will be added to the highest block commodity rate (residential, apartment, industrial and commercial customers only), and will change upon the City's annual reconciliation of number of participants and top tier usages. Upper tier rate for residential and commercial customers is comprised of the \$3.24 approved rate plus \$0.05460 for the Low-Income Surcharge for a total of \$3.2946.

Low Income Program details are noted In the Terms and Conditions section of the General Water Rates.

Terms and Conditions

Water service under this Schedule is for the exclusive use of the Customer and water shall not be resold or provided to others.

City of Bullhead City, Arizona Comprehensive Fee Schedule FY 2022-2023

Water service provided under this rate schedule is subject to the Company's Rules and Regulations applicable to Water Service and may be subject to the Company's Miscellaneous Service Charges set forth In Rate Schedule Service Charges.

All advances and/or contributions are to include labor, materials, overheads, and all applicable taxes, including all gross-up taxes for income taxes, if applicable.

In addition to the collection of regular rates, the utility will collect from Its customers a proportionate share of any privilege, sales, use, and franchise tax. Per Commission Rule 14-2-409D(S).

Other Public Authority (OPA) - National, state, or local governmental agencies or public schools.

Mohave Water District
General Water Rate

Taxes

This rate shall be subject to its proportionate part of any taxes and governmental imposts that are assessed on the basis of gross revenue of this District.

Terms and Conditions

1. Private fire protection service will be provided only if the customer purchases his entire water supply from this District.
2. The customer will pay, without refund, the entire cost of installing the service connection from the nearest main of adequate size to serve a private fire protection system in addition to all other normal service. If a private fire hydrant is installed, the customer will pay, without refund, the entire cost of installing the fire hydrant.
3. The maximum diameter of the service connection will not be more than the diameter of the main to which the service is connected. The maximum diameter of a fire hydrant connection will not be more than the

City of Bullhead City, Arizona Comprehensive Fee Schedule FY 2022-2023

diameter of the main to which the fire hydrant is connected.

4. The customer's installation must be such as to separate effectively the fire sprinkler system from that of the customer's regular water service. As a part of the sprinkler service installation, there shall be a detector check or other similar device acceptable to the City that will indicate the use of water. Any unauthorized use will be charged for at the regular established rate for general metered service, and may be grounds for the City's discontinuing the fire sprinkler service without liability to the City.
5. There shall be no cross-connection between the fire sprinkler system supplied by water through the Company's fire sprinkler service to any other source of supply without the specific approval of the Company. This specific approval will require, at the customer's expense, a special double check valve installation or other device acceptable to the Company. Any such unauthorized cross-connection may be grounds for immediately discontinuing the sprinkler system service without liability to the City.
6. The City will supply only such water at such pressure as may be available from time to time as the result of its normal operations of the system. The City shall not be liable to any party at any time under any circumstances for any damages resulting from high or low water pressure, failure of water supply or malfunction, failure or inadequacy of equipment, regardless of the cause of any such pressure, malfunction, failure or inadequacy.
7. Other Public Authority (OPA) National, state, or local governmental agencies or public schools.

Mohave Water District

Service Charges

Service Establishment, Reestablishment and/or Reconnection Charge

The city will charge the following rates for the establishment or re-establishment and/or reconnection of water utility service:

Establishment or Re-establishment of Service when:

Regular hours	\$35.00
After hours (b.)	\$45.00
Reconnection of water utility Service (Delinquent)	\$35.00
Water Meter Test (If Correct)	\$35.00
Meter Re-read (If Correct)	\$25.00
Deposit Requirement (Residential)	(a)
Deposit Requirement (Non-Residential Meter)	(a)
NSF Check	\$25.00

**City of Bullhead City, Arizona
Comprehensive Fee Schedule
FY 2022-2023**

Deferred Payment, Per Month	1.50% per month
Late Charge, Per Month	1.50% per month
After Hours Service Charge (b)	\$35.00

- (a) Per Council rules two times the average bill for a similar property
- (b) After Hours Service: After regular working hours, on Saturdays, Sundays or holidays if at the customer's request.

Mohave Water District

Customer High Water Use Inquiry Resolution Tariff - BMP 3.6

PURPOSE

A program for The City to assist its customers with their high water-use inquiries and complaints

REQUIREMENTS

The requirements of this tariff are adapted from the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

1. The City shall handle high water use inquiries as calls are received.
2. Calls shall be taken by a customer service representative who has been trained on typical causes of high-water consumption as well as leak detection procedures that customers can perform themselves.
3. Upon request by the customer or when the City determines it is warranted, a trained Field Technician shall be sent to the customer's residence to verify consumption and conduct a leak detection inspection and further assist the customer with water conservation measures.
4. The City shall follow up on every customer inquiry or complaint and keep a record of inquiries and follow-up activities. The City shall make this information available to the Council upon request.

City of Bullhead City, Arizona Comprehensive Fee Schedule FY 2022-2023

Mohave Water District

Customer High Water Use Notification Tariff - BMP 3.7

PURPOSE

A program for the city to monitor and notify customers when water use seems to be abnormally high and provide information that could benefit those customers and promote water conservation.

REQUIREMENTS

The requirements of this tariff are adapted from the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

1. The City shall track water usage for each customer and notify the customer if water use seems excessive for that particular billing for that time of the year.
2. The City shall identify customers with high consumption, verify the high consumption, and investigate each instance to determine the possible cause.
3. The City shall contact the high water use customers via telephone, email, by mail or in person. The City shall contact the customer as soon as practical in order to minimize the possible loss of water. The customer will not be required to do anything to receive this notification.
4. In the notification the City shall explain some of the most common water usage problems and common solutions and points of contact for dealing with the issues.
5. In the notification, the customer will be reminded of possible high water-consumption occurrences, such as:
 - a. Leaks, running toilets, or valves or flappers that need to be replaced.
 - b. Irrigation system valves or sprinkler heads which may be leaking.
 - c. Sprinklers that may be watering the house, sidewalk, or street, etc. increasing irrigation requirements.
 - d. Leaking pool or spas and possible leaks around pumps.
 - e. More people in the home than usual taking baths and showers.
 - f. Doing more loads of laundry than usual.
 - g. Doing a landscape project or starting a new lawn.
 - h. Washing vehicles more often than usual.
6. The City shall offer water conservation information that could benefit the customer, such as, but not limited to, audit programs, publications, and rebate programs.
7. The City shall assist the customer in determining what might be causing the high-water usage as well as offer the customer information regarding water conservation and landscape watering guidelines. The City shall confirm the accuracy of the customer meter if requested to do so by the customer (applicable meter testing fees shall apply).
8. The type of notification, the timing of the notification (i.e., how long after high water use was discovered by the City), and the criteria used for determining which customers are notified shall be recorded. The City shall make this information available to the Council upon request.

City of Bullhead City, Arizona Comprehensive Fee Schedule FY 2022-2023

Mohave Water District

Leak Detection Program Tariff - BMP 4.1

PURPOSE

A program for the city to systematically evaluate its water distribution system to identify and repair leaks.

REQUIREMENTS

The requirements of this tariff are adapted from the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

On a systematic basis, the City shall perform leak detection inspections of its distribution system to identify and fix leaks.

This program shall be implemented through a strategy of targeting certain portions of the water service area which will yield the highest potential for water savings first.

1. The City shall implement a comprehensive leak detection and repair program to attain and maintain a goal of less than 10 percent unaccounted for water loss in its system(s). The program must include auditing procedures, in-field leak detection and repair efforts. The City shall take whatever practical steps are necessary to ensure that its water system is operating at optimal efficiency.
2. On a systematic basis, at least every two years (annually for smaller systems), the City shall visually inspect its above ground water distribution system (to include hydrants, valves, tanks, pumps, etc. in the distribution system) to identify and repair leaks. Detection shall be followed by repair or in some cases replacement. Repairs, replacement will depend upon site-specific leakage rates and costs.
3. Leak Detection efforts should focus on the portion of the distribution system with the greatest expected problems, including:
 - a. areas with a history of excessive leak and break rates.
 - b. areas where leaks and breaks can result in the heaviest property damage.
 - c. areas where system pressure is high.
 - d. areas exposed to stray current and traffic vibration.
 - e. areas near stream crossings; and,
 - f. areas where loads on pipe may exceed design loads.
4. The City shall keep accurate and detailed records concerning its leak detection and repair/rehabilitation program and the associated costs. Records of repairs shall include possible causes of leak; estimated amount of water lost; and date of repair. These records shall be made available to the Council upon request.
5. The City shall maintain a complete set of updated distribution system maps.

City of Bullhead City, Arizona Comprehensive Fee Schedule FY 2022-2023

Mohave Water District

6. The City shall conduct a water audit annually which includes the following steps to determine how efficient each water system is operating and where the losses might be.
 - a. Use coordinated monthly source and service meter readings to calculate how much water enters and leaves the system during the 12-month review period.
 - b. Track and estimate any unmetered authorized uses.
 - c. Calculate the total amount of leakage using the following formula:

$$\text{Unaccounted for water (\%)} = \frac{[(\text{Production and/or purchased water minus metered use \& estimated authorized un-metered use}) / (\text{Production and/or purchased water})] \times 100\%}{}$$
 - d. Authorized un-metered uses may include firefighting, main flushing, process water for water treatment plants, etc. Water losses include all water that is not identified as authorized metered water use or authorized un-metered use.
 - e. Determine possible reasons for leakage, including physical leaks and unauthorized uses.
 - f. Analyze results to determine the improvements needed, such as, better accounting practices, leak survey or replacing old distribution pipes.
7. The City shall keep accurate and detailed records concerning its annual water audit results. These records shall be made available to the Council upon request.

Meter Repair and/or Replacement Tariff - BMP 4.2

PURPOSE

A program for the city to systematically assess all in-service water meters (including City production meters) in its water service area to identify under-registering meters and to repair or replace them.

REQUIREMENTS

The requirements of this tariff are adapted from the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

1. On a systematic basis, the city will replace all 2-inch and smaller in-service water meters at least once every fifteen years.
2. The city will test all meters that have caused a meter reading complaint to be filed with the City of Bullhead City.
3. Meters larger than 2-inch shall be tested for one of the following reasons:
 - a. A meter reading complaint is filed with the city by a customer
 - b. A meter has been in service for five years.
4. The test will be accomplished by one of the following:
 - a. Having the meter pulled and having a City Technician physically inspect each meter and its fittings for leaks, registers which may have become loose or are not properly attached to the meter and could be under-registering or other broken parts which need repair.
 - b. Utilizing equipment to verify that all electronic components are within manufacturer specifications and are operating properly.

City of Bullhead City, Arizona Comprehensive Fee Schedule FY 2022-2023

Mohave Water District

5. In addition, meters shall be randomly selected for flow testing utilizing a flow through detector testing meter.
6. All replacement water meters shall register in gallons:
 - a. All new 1-inch and smaller meters that are installed will register usage in 1-gallon increments,
 - b. All new 1-1/2-inch through 4-inch meters that are installed will register in 10-gallon increments, and
 - c. All new 6-inch and larger meters that are installed will register in 100-gallon increments.
7. The City shall keep records on the number of meters that were replaced and make this information available to the Council upon request.

North Mohave Water District

Service Charges

Service Establishment, Re-Establishment and/or Reconnection Charges

The city will charge the following rates for the establishment or re-establishment and/or reconnection of water utility service:

A. Establishment or re-establishment of service when:	
1. Regular Hours	\$35.00
2. After Hours	\$45.00
B. Reconnection of Water Utility Service	\$35.00
C. NSF Check	\$25.00
D. Meter Re-Read (If Correct)	\$25.00
E. Water Meter Test (If Correct)	\$35.00
F. Late Fee Charge	1.50% per month
G. Deferred Payment Finance Charge	1.50% per month
H. Deposit Requirements Residential	(a)
I. Deposit Requirements Non-Residential	(a)

(a) Per Council rules two times the average bill for similar property

(b) After Hours Service: After regular working hours, on Saturdays, Sundays, or holidays if at the customer's request.

As provided for City's North Mohave Water District. The city will charge the customer as a refundable advance in aid of construction, an amount for each meter and service line as specified below:

1. Service Line and Meter Installation Charges:

<u>Meter Size</u>	<u>Service Line Installation</u>	<u>Meter Installation</u>	<u>Total</u>

Customer High Water Use Inquiry Resolution Tariff - BMP 3.6

PURPOSE

A program for the city to assist its customers with their high water-use inquiries and complaints (Modified Non-PerCapita Conservation Program BMP Category 3: Outreach Services 3.6: Customer High Water Use Inquiry Resolution).

REQUIREMENTS

The requirements of this tariff were adapted from the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

1. The City shall handle high water use inquiries as calls are received.
2. Calls shall be taken by a customer service representative who has been trained on typical causes of high-water consumption as well as leak detection procedures that customers can perform themselves.
3. Upon request by the customer or when the City determines it is warranted, a trained Field Technician shall be sent to the customer's residence to verify consumption and conduct a leak detection inspection and further assist the customer with water conservation measures.
4. The City shall follow up on every customer inquiry or complaint and keep a record of inquiries and follow-up activities. The City shall make this information available to the Council upon request.

Customer High Water Use Notification Tariff - BMP 3.7

PURPOSE

A program for the city to monitor and notify customers when water use seems to be abnormally high and provide information that could benefit those customers and promote water conservation (Modified Non-Per Capita Conservation Program BMP Category 3: Outreach Services Program 3.7: Customer High Water Use Notification).

REQUIREMENTS

The requirements of this tariff are adapted from the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

1. The City shall track water usage for each customer and notify the customer if water use seems excessive for that particular billing for that time of the year.
2. The City shall identify customers with high consumption, verify the high consumption, and investigate each instance to determine the possible cause.
3. The City shall contact the high water use customers via telephone, email, by mail or in person. The City shall contact the customer as soon as practical in order to minimize the possible loss of water. The customer will not be required to do anything to receive this notification.
4. In the notification the City shall explain some of the most common water usage problems and common solutions and points of contact for dealing with the issues.
5. In the notification, the customer will be reminded of possible high water-consumption occurrences, such as:
 - a. Leaks, running toilets, or valves or flappers that need to be replaced.
 - b. Irrigation system valves or sprinkler heads which may be leaking.
 - c. Sprinklers that may be watering the house, sidewalk, or street, etc. increasing irrigation requirements.
 - d. Leaking pool or spas and possible leaks around pumps.
 - e. More people in the home than usual taking baths and showers.
 - f. Doing more loads of laundry than usual.
 - g. Doing a landscape project or starting a new lawn.

Washing vehicles more often than usual

6. The City shall offer water conservation information that could benefit the customer, such as, but not limited to, audit programs, publications, and rebate programs.
7. The City shall assist the customer in determining what might be causing the high-water usage as well as offer the customer information regarding water conservation and landscape watering guidelines. The City shall confirm the accuracy of the customer meter if requested to do so by the customer (applicable meter testing fees shall apply).
8. The type of notification, the timing of the notification (i.e., how long after high water use was discovered by the City), and the criteria used for determining which customers are notified shall be recorded. The City shall make this information available to the Council upon request.

City of Bullhead City, Arizona Comprehensive Fee Schedule FY 2022-2023

North Mohave Water District

Leak Detection Program Tariff - BMP 4.1

PURPOSE

A program for the city to systematically evaluate its water distribution system to identify and repair leaks.

REQUIREMENTS

The requirements of this tariff are adapted from the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

On a systematic basis, the City shall perform leak detection inspections of its distribution system to identify and fix leaks.

This program shall be implemented through a strategy of targeting certain portions of the water service area which will yield the highest potential for water savings first.

1. The City shall implement a comprehensive leak detection and repair program to attain and maintain a goal of less than 10 percent unaccounted for water loss in its system(s). The program must include auditing procedures, in-field leak detection and repair efforts. The City shall take whatever practical steps are necessary to ensure that its water system is operating at optimal efficiency.
2. On a systematic basis, at least every two years (annually for smaller systems), the City shall visually inspect its above ground water distribution system (to include hydrants, valves, tanks, pumps, etc. in the distribution system) to identify and repair leaks. Detection shall be followed by repair or in some cases replacement. Repairs/replacement will depend upon site-specific leakage rates and costs.
3. Leak Detection efforts should focus on the portion of the distribution system with the greatest expected problems, including:
 - a. areas with a history of excessive leak and break rates.
 - b. areas where leaks and breaks can result in the heaviest property damage.
 - c. areas where system pressure is high;
 - d. areas exposed to stray current and traffic vibration.
 - e. areas near stream crossings; and,
 - f. areas where loads on pipe may exceed design loads.
4. The City shall keep accurate and detailed records concerning its leak detection and repair/rehabilitation program and the associated costs. Records of repairs shall include possible causes of leak; estimated amount of water lost; and date of repair. These records shall be made available to the Council upon request.
5. The City shall maintain a complete set of updated distribution system maps.
6. The City shall conduct a water audit annually which includes the following steps to determine how efficient each water system is operating and where the losses might be.
 - a. Use coordinated monthly source and service meter readings to calculate how much water enters and leaves the system during the 12-month review period.
 - b. Track and estimate any unmetered-authorized uses.
 - c. Calculate the total amount of leakage using the following formula:

Unaccounted for water (%) = [(Production and/or purchased water minus metered use & estimated authorized un-metered use) / (Production and/or purchased water)] x 100%

City of Bullhead City, Arizona

Comprehensive Fee Schedule

FY 2022-2023

North Mohave Water District

- d. Authorized un-metered uses may include firefighting, main flushing, process water for water treatment plants, etc. Water losses include all water that is not identified as authorized metered water use or authorized un-metered use.
 - e. Determine possible reasons for leakage, including physical leaks and unauthorized uses.
 - f. Analyze results to determine the improvements needed, such as, better accounting practices, leak survey or replacing old distribution pipes.
7. The City shall keep accurate and detailed records concerning its annual water audit results. These records shall be made available to the Council upon request.

Meter Repair and/or Replacement Tariff - BMP 4.2

PURPOSE

A program for the city to systematically assess all in-service water meters (including Company production meters) in its water service area to identify under-registering meters and to repair or replace them.

REQUIREMENTS

The requirements of this tariff are adapted from the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

1. On a systematic basis, the city will replace all 2-inch and smaller in-service water meters **at** least once every fifteen years.
2. The city will test all meters that have caused a meter reading complaint to be filed with the city.
3. Meters larger than 2-inch shall be tested for one of the following reasons:
 - a. A meter reading complaint is filed with the city by a customer
 - b. A meter has been in service for five years.
4. The test will be accomplished by one of the following:
 - a. Having the meter pulled and having a City Technician physically inspect each meter and its fittings for leaks, registers which may have become loose or are not properly attached to the meter and could be under-registering or other broken parts which need repair.
 - b. Utilizing equipment to verify that all electronic components are within manufacturer specifications and are operating properly.
5. In addition, meters shall be randomly selected for flow testing utilizing a flow through detector testing meter.
6. All replacement water meters shall register in gallons:
 - a. All new 1-inch and smaller meters that are installed will register usage in 1-gallon increments,
 - b. All new 1-1/2-inch through 4-inch meters that are installed will register in 10-gallon increments, and
 - c. All new 6-inch and larger meters that are installed will register in 100-gallon increments.
7. The City shall keep records on the number of meters that were replaced and make this information available to the Council upon request.
- 8.

A3.40.060 – MUNICIPAL COURT

A3.40.060.01 – Civil Fine/Sanction Schedule

Ordinance No. 2001-24 deleted this section.

A3.40.060.02 – Administrative Fees

Civil Traffic Default/Suspension Fee:

The municipal court shall assess the defendant a default/suspension fee as set by the Mohave County Superior Court (currently \$50) for each default judgment entered in a civil traffic violation case upon failure to appear or failure to pay a civil sanction, unless such default judgment is set aside under Rule 28, Rules of Procedure in Civil Traffic Cases. Fees collected shall be deposited into the general fund of the City.

Warrant Fee:

The municipal court shall assess the defendant a warrant fee as set by the Mohave County Superior Court (currently \$50) for each warrant issued as a result of their failure to appear as required by court order or failure to comply as required by court order. Fees collected shall be deposited into the general fund of the City.

Order to Show Cause Fee (OSC):

The municipal court shall assess the defendant an OSC fee of \$50 for each OSC issued for failure to comply with probation or as required by court order. Fees collected shall be deposited into the general fund of the City.

Court Enhancement Fund:

The municipal court shall collect a court enhancement fee of \$10.00 as set by the Arizona Supreme Court. The court enhancement fee shall be used exclusively to enhance the technological, operational and security capabilities of the court. The enhancement fund shall be maintained by the addition of this fee, plus any required surcharges, on all fines, sanctions, assessments and diversion or probation programs, including defensive driving, domestic violence, and substance abuse counseling. Fees collected shall be deposited into a fund account designated by the City Treasurer for the purpose of receiving the court enhancement fee. Interest earned on fund monies shall be deposited into the fund. The court enhancement fund shall be used at the sole discretion of the City Magistrate to the limit of available account balance, as appropriated by the City Council. The City Magistrate may use court enhancement funds in conjunction with any other court or courts in any common projects, programs, or uses which may benefit the Municipal Court's operations.

Court Appointed Counsel Fee:

In addition to court appointed attorney reimbursement costs, the court may impose an administrative assessment fee not to exceed \$25 used to defray the costs of court appointed counsel for indigent defendants. Fees collected shall be deposited into the general fund of the City.

Collection Agency Fee:

In the event the court engages a collection agency licensed pursuant to Title 32, Chapter 9, Article 2, Arizona Revised Statutes, to collect monies due the court for fines, sanctions, restitution, surcharges, assessments, penalties, bonds or other fees, the defendant shall be liable for all costs of collection, including fees charged by the agency and attorney's fees.

**City of Bullhead City, Arizona
Comprehensive Fee Schedule
FY 2022-2023**

Waiver of Fees:

The court may waive all or part of the above fees when it would be in the best interests of justice, such as causing an undue hardship on the defendant, the defendant has previously been found to be indigent by the court, or the defendant has presented a reasonable explanation for missed appointments with the court or another agency, except fees charged by a collection agency may not be waived if any collection agreement with the court so provides.

Prosecution Recovery Fee (PRF)*	\$75.00 per agreement or plea agreement
Prosecution Recovery Fee for Violation of Title 28, Chapter 4 ARS (DUI) cases	\$100.00 per violation

*Applies to a misdemeanor conviction by trial or plea agreement, deferred prosecution agreement, Probation revocation plea agreement or a diversion agreement program or a deferred entry of guilt resolution agreement. A PRF fee of a higher amount than list above may be imposed as set forth in a plea agreement and based upon the actual costs of prosecution services. The municipal court magistrate may waive or reduce a PRF fee, if the defendant is deemed indigent, or the waiver would be in the interest of justice.

**Victims of crimes, including domestic violence, will not be charged a fee for a single copy of the police incident report prepared in connection with the police department's investigation of the offense.

- A. Representative examples of police incident reports that will be provided at no charge to victims of crime include, but are not intended to be limited by enumeration to, such offenses as homicide, rape, robbery, burglary, assault, larceny/theft, motor vehicle accidents, motor vehicle theft, domestic violence and arson, among others.
- B. Each victim of a crime will be entitled to a single copy of the police incident report prepared by the police department in connection with its investigation of the offense. The victim may request the police report in writing or alternatively in person through the Bullhead City Police Department. In addition to requesting the report in person or in writing, the victim may request a report through an individual authorized by written power of attorney to make the request on behalf of the victim or through a licensed attorney at law who represents the victim.
- C. Requests for victims of crimes for additional copies of police incident reports relating to the same offense shall be subject to adopted and approved City fees.
