“HIGH EFFICIENCY” TOILET REBATE PROGRAM

ABOUT THE REBATE PROGRAMS

The purpose of this rebate program is to help our property owners reduce their water use by replacing less efficient toilets. If you currently have a toilet that uses more than 1.28 gallons of water per flush you may be eligible for a rebate from the City of Bullhead City.

ELIGIBILITY

- A. **Authorization to Proceed:** Before removing/purchasing the toilet an application must be submitted to the City and the applicant must participate in an pre-conversion site inspection. Starting without City approval will make the conversion ineligible.
- B. **Customer Eligibility:** The property must be located within the city limits of Bullhead City. The applicant must be the property owner. The property that is the subject of the application may receive only one of each rebate type (Hot water on demand, non-regenerative water softener, irrigation controller, high efficiency toilet, high efficiency washing machine, and turf) annually.
- C. **Qualifying Purchases:** “High Efficiency” Toilet must be purchased from a business located within the City of Bullhead.

TERMS OF THE REBATE

- A. **Annual Incentive Amounts:** For this budget year the City has designated funds to be used for the Rebate and Water Conservation Programs. The City’s fiscal year is July 1 through June 30. Projects are subject to the availability of funds and must take place during this budget year.
- B. Low Efficiency Toilet to “High Efficiency” Toilet — \$100 per toilet
- C. **Important Timelines and Deadlines:** Within 60 days of approval of your application, you must complete your project and notify the City. The City will inspect completed projects for compliance.
- D. **Rebates:** **PLEASE SAVE ALL OF YOUR INVOICES/RECEIPTS.** The City must have the invoices/receipts to offer the rebate. A check will be issued to property owner approximately 30-45 days after the final inspection.
- E. **W-9 Form:** A signed W-9 form will be required with the application.
