FINAL INSPECTION AND CONTRACT COMPLETION

Upon inspection of the above premise, we have found all work requested of _____ to have been completed to the satisfaction of the Homeowner and the City of Bullhead City. All work requiring a building permit has been verified as inspected by a City Building Inspector and meets current building codes pertaining to the work performed.

By signing below, the Homeowner certifies that all repairs have been completed and accepts the work as completed. Homeowner also understands that this finalizes the City of Bullhead City's obligation and ends the contract in which was entered.

If, at a later date, additional work/repairs are requested that were not requested or addressed through these contracts, the Homeowner understands that he/she will need to re-apply and be placed on a waiting list for future grant assistance if program funds are available.
